let's get started!

BROWSE our CATALOG

Creating or expanding your own brand of natural soap, bath and skincare products can now be done in just 4 simple steps!

STEP 1 – BROWSE THE CATALOG

Browse our product catalog below to get a feel for all the products, sizes and packaging options available to you.

STEP 2 – CREATE YOUR ORDER LIST

Once you have a idea of what you would like you can create your order list by providing us with the following details in an email, Word document or Excel spreadsheet.

ORDER LIST - EXAMPLE

Just list the quantity, size, order code & packaging style that you would like as follows:

Example Order List

- 30 – 90g LVOH in mahogany gift tray & label
- 50 – 43ml AOSBO in amber glass bottle, mahogany tube & label
- 25 – 30g YGHB in amber jar, mahogany tube & label
- 15 – 200g CROHBS in date wood jar with hang tag label
- 20 – 13ml NCSFBS in blue glass bottle, apricot tube & label
- 40 – 90ml ECZEWO in amber galss bottle, apricot tube & label

STEP 3 - CREATE YOUR LABELS

To create your own label just send us your logo (in 300 DPI resolution format on a transparent background and we'll create a high impact label design for you to review customized with your own branding.

Or... if you prefer to create your own label we can send you the recommended label dimensions and product descriptions / usage / ingredients for each product in Word format so that you may cut and paste into your own designs. Note - we currently work in both Photoshop 9.0 and Illustrator 12.0 compatible formats

LOGO DESIGN SERVICE

If you do not have your own logo or artwork and would like us to create something special for you we offer the following very affordable services;

Text Only Logo - \$35

Organic Earth
du Canada

We have thousands of fonts to choose from so just let us know what image you would like your brand to portray i.e. fun, elegant, sophisticated, natural, wholesome, ethnic, country style, etc and we'll create some text designs for you to review

Text plus Graphic - \$400

If you would like some artwork to complement your text logo just let us know what you have in mind and we'll create some graphics for you to review.

Product Names and Description – you may freely use any of the existing product names and descriptions that we've created in our catalog or feel free to change the product names, description, language to suit your own needs and themes. Remember... these are your products and brand so its completely up to you!

STEP 4 - REQUEST QUOTATION

To receive a full quotation just send us your Order List and Logo along with your shipping address and telephone number. We'll then calculate the complete product and shipping costs and email you the final total along with your label designs for review.

Or... if you're in a hurry simply select one of our Preset Sampler Packs as listed below

Sample Order Packs - Listed prices include the shipping costs to your door in North America & Western Europe. For other regions please inquire directly.

Standard Shipping Options & Payment Methods

Shipping Methods (for clients that do not already have their own shipping arrangements)

All products can be shipped via one of the following methods. If required we will also help explain the importing process in your country and monitor your order status the entire way until the product is in your hands.

UPS / DHL (recommended for samples or any order of less than 45kg)

Delivered to your door usually within 4 to 6 business days

Note – UPS super saver rates apply at the 20kg, 45kg, 71kg and 100kg levels. This method is fast, convenient and great for receiving small orders and samples quickly.

Commercial Air Cargo (recommended for orders of 45kg to 150kg)

Delivered by commercial airline to your nearest International airport usually within 10 days

Note – this method is cost effective for medium sized orders but does require that you pick up your order at the airline cargo office. Note – the pickup process is usually very simple.

The airlines charge a flat rate for any weight up to 45kg (about 360 to 440 - 90g soaps depending upon packaging) with further price discounts starting at 100kg and then 200kg

The average shipping cost for 45kg to North America ranges from \$345 to \$375 USD

Sea Freight (recommended for orders of over 150kg)

Delivered to your nearest International seaport. 25 - 35 days (North America) / 40 – 50 days (Europe)

Minimum cargo space charge – 1 CBM (1 cubic meter – fits up to 6000 – 90g labeled soaps)

General Rates – approximately \$300 for the first CBM (North America / Western Europe)

NOTE – this method is the most cost effective but does require you to clear the order through customs at your seaport. Rate includes all transport costs from our factory to Tianjin, China seaport, China customs / export document fees, China port handling charges and freight to your seaport

Shipping Cartons - All orders are shipped in sturdy 5 ply cardboard cartons – 21 x31 x41cm with layers separated by bubble wrap.

Lead times - Most orders under \$1000.00 can be labeled, packed and shipped within 7 to 8 business days. Order preparation and delivery times for larger orders will be quoted at time of order. Except for the soaps all other products are made fresh at time of order.

Payment Method & Currency - All product pricing is listed in United States Dollars (USD) factory exworks.

Payment for any order may be remitted by Paypal, Western Union or Bank Transfer whichever is most convenient.

Payments to our Paypal account may be made to (accounts@essexcounty.ca)

For orders valued at less than \$5000.00 USD we require full payment in advance. For orders over \$5000.00 USD we require half in advance to begin the order with the balance payable upon completion and prior to shipping.

Order Discounts - Product category discounts are based on the total number of items ordered within each product category as well as your cumulative purchasing history. In other words if you continue ordering from us year after year eventually you will reach our maximum discount level... regardless of how much you purchase each time!

Damaged Goods Policy - If any product arrives damaged or in unsaleable condition simply send us pictures of the problem and we'll replace, refund or credit you for the cost

About Us

Essex County Naturals is a Canadian owned and operated manufacturer of all natural Private Label bath and spa products that just happens to be based in Beijing, China. We currently ship to over 35 countries across the globe and are one of the largest manufacturers of 100% natural cold crafted soap and skincare products worldwide.

Quality

All products are handmade from the finest flower and plant essences available and made to the highest standards. What does this actually mean you may ask? Only products that we would in complete 100% confidence use on our OWN children go out our door!

We use only food / cosmetic grade natural ingredients, most of which are organic or wildcrafted. 98% of our ingredients are imported and come from countries such as France, Egypt, USA, Brazil, India, Turkey, Malaysia, Italy, Canada, Russia, Ghana and many more. We never use any chemicals such as synthetic fragrance, colorants, preservatives or animal products. We also believe in full ingredient disclosure and that all customers have the right to know what they are putting on or in their body. If it's in our products, its listed on the labels. All products that we produce may be legally imported and sold in any country.

Environmentally friendly, organic, vegan, completely biodegradable and never tested on animals you can rest assured that Essex County Naturals is... your choice for private label bath & spa products!
